AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W.A. HANKS MASTER, of the LACONIA, from GALWAY, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

W.A. Hanks
COMMANDING Officer.

Sworn to before me this 30th day of August, 1932
at New York
W.P.A. Hanks
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

STATES IMMIGRATION OFFICER AT PORT OF ARRIVAL

States, or a port of another insular possession, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W. A. HARKES, MASTER, of the LAGONIA, from CHICAGO, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

W. A. Harkes
COMMANDING Officer.

Sworn to before me this 20th day of August, 1922

SPARLING
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 27 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 28 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 29 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 30 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 31 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 32 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 33 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 34 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

The entries on this sheet must be typewritten on Form 1.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-as status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

List

Seamen, or a part of another irregular population, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer.

216

Notes.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organised government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organised government, or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organised government because of his or their official character.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom seas passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

States, or a part of another insular possession, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W. A. HAYES, MASTER, of the LISSA, from NEW YORK, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

W. A. Hayes
COMMANDING Officer.

Sworn to before me this 20th day of August, 1932
at New York
W. A. Hayes
Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), WD (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction in the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "QIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verification of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relatives or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Passenger or a crew of a vessel including passengers, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer.

The entries on this sheet must be typewritten or printed.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W. A. HAYNES MASTER, of the LACONIA, from LIVERPOOL, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

W. A. Haynes

COMMANDING Officer.

Sworn to before me this 27th day of August, 1932
at New York
W. A. Haynes
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 27 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 28 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, T.A. HAWKES MASTER, of the LACONIA, from SUBURSTOWN, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

STATES IMMIGRATION OFFICER AT PORT OF ARRIVAL

States, or a port of another insular possession, in whatever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W. A. HART, of the LACONTA, from QUEENSTOWN, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDING Officer.

Sworn to before me this 30th day of August, 1922

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

- IMPORTANT NOTICE.—1. Great care should be taken not to place on this list the name of any passenger who was not born in the United States or who has not taken out final naturalization papers.
2. Where one or more members of a family are aliens, the names of all such members should be recorded upon the alien manifest. Suitable notation may be made upon such manifest opposite the names of those members who claim citizenship.
3. Failure to observe the terms of this notice may result in delay to passengers at the port of arrival.
4. List on this form only United States citizens or citizens of an insular possession of the United States.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W. A. Sparks, of the Liverpool, from Liverpool, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 10 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

W. A. Sparks
Commanding Officer.

Sworn to before me this 80 AUG 1932 day of _____, 19

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), WD (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK)
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.
ITALIAN (NORTH)
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."
Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).
Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.
Column 14 (Perfection of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.
Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.
Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).
Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.
Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.
Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.
Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

The student can be typewritten or printed.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

The effect on the rate of
the reaction is the same.

ATTACH TO THE MANIFEST IN IMMIGRATION FORM NO. 1 (SEE INSTRUCTIONS)

I, MASTERS, of the SHIP, from NEW YORK, do solemnly swear, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in person, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTERS
Coasting Officer.

Sworn to before me this 30 AUG 1932 day of August, 1932
at New York

SPRATT
Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), WD (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard.

For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "EV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided year shall constitute permanent residence. The last country in which alien resided year shall constitute permanent residence. The last country in which alien resided year shall constitute permanent residence.

Column 16 (Intended future permanent residence).—The entries in column 15 should show regardless of length of actual residence therein. The entries in column 15 should show regardless of length of actual residence therein. The entries in column 15 should show regardless of length of actual residence therein.

Column 17 (Country of last permanent residence).—The entries in column 15 should show regardless of length of actual residence therein. The entries in column 15 should show regardless of length of actual residence therein. The entries in column 15 should show regardless of length of actual residence therein.

Column 18 (Country of birth).—The entries in column 15 should show regardless of length of actual residence therein. The entries in column 15 should show regardless of length of actual residence therein. The entries in column 15 should show regardless of length of actual residence therein.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Column 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

The number on the back of the card
be the same as on the front.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

- Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
- Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
- Column 5 (*Sex*).—The entry should be either M (male) or F (female).
- Column 6 (*Married or single*).—The answer should be M (married), S (single), WD (widowed), or D (divorced).
- Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
- A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
- A farmer is one who operates a farm, either for himself or for others.
- A farm laborer is one who works on a farm for the man who operates it.
- Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
- Column 8 (*Abile to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
- Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
- Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
- Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Place of destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationery engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Date of arrival).—This column is subdivided and contains the following questions: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, no ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which alien is citizen, country of last permanent residence, and country of birth, and manifests should be carefully checked by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Polish alien by race might properly come under the heading of English, Swiss, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, whether born in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "FV," or "RF," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reciprocity Permit; and also state section of the Immigration Act of 1924 involved, as Section 1 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verification of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States." Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give home and address of relative or friend in country of which alien is citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 18 (Past destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either "Yes (ticket)" or "No (no ticket)."

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last entrance only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers at the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

The contents of this report must be typewritten or handwritten.

Note.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who establishes in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of an institution with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the riot, insurrection, or property of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

LIST OR MANIFEST OF ALIEN PASSENGERS FOR THE UNITED STATES

ALL ALIENS arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and all aliens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of the insular possessions of the United States, shall be required to file this (light blue) sheet in the form of a manifest.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry should be either M (male) or F (female).

Column 5 (Marital or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil Engineer, Automobile Engineer, Bookbinding Engineer, Mining Engineer, Brass Polisher, Steel Polisher, Iron Moulder, Wood Turner, etc., and not simply as engineer, polisher, moulder, turner, or other descriptive designation.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write).—This column is undivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 8 (Nationality).—Question 8 should be construed to mean the country of which alien is a citizen or subject.

Column 9 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (A).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend to country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on this sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants
 and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the
 so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a
 family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references
 should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this col-
 umn. The space is for use of Government officials only.
 Column 3 (Age).—The answer in this column should be expressed in years or
 months. The latter applying only to those under 1 year of age.
 Column 4 (Sex).—The entry should be either M (male) or F (female).
 Column 5 (Marital status).—The answer should be M (married), S (single), WD
 (widowed), or U (unmarried).
 Column 6 (Occupation).—The entry should describe as accurately as
 possible the occupation, trade, or profession of each alien arrival, as, for example: Civil
 engineer, steamship engineer, locomotive engineer, mining engineer, brass polisher, steel
 turner, hair dresser, wood turner, etc., and not simply as engineer, polisher, molder,
 turner, or other indefinite designations.
 A distinction must be made between farmers and farm laborers, regardless of the
 amount of money shown, as follows:
 A farmer is one who operates a farm, either for himself or for others.
 A farm laborer is one who works on a farm for the man who operates it.
 Statement of occupation should make this distinction on the manifest, and corrections
 should be made if necessary, by inspectors and registry clerks during the personal
 examination of alien arrivals.
 Column 7 (Language).—This column is subdivided and contains the
 following question: "Read what language (or, if necessary, in cipher, upon what
 system)." In answering this question the language or cipher in which the alien is able to read
 should be stated. If alien is unable to read and claims exemption from the reading
 requirement, the grounds for such exemption should be given.
 Column 8 (Country of birth).—Question 8 should be construed to mean the country of
 birth, race, or people.
 Column 9 (Country of birth).—See list of races printed on back of this sheet. The
 entry should show the race or people as given in said list.
 Special attention should be paid to the distinction between race and the country of
 birth, and between country of last permanent residence and country of birth, and
 manifest should be carefully checked by inspectors and registry clerks in this regard.
 For instance, "French" appearing under the head of race or people does not mean "French"
 by race or people, but, obviously, "French" appearing under the head of race or people
 does not mean "French" by country. An Irish, German, or Russian alien by race might
 properly come under the heading of English, Swiss, or any other country. In
 this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or
 Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish
 descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other
 islands of the West Indies, South or North America, or Africa. An alien with
 admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., com-
 partments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi
 and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their
 descendants should be classed as "Italian (north)". Most of these people speak a
 dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River
 Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi
 and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their
 descendants should be classed as "Italian (south)".

Column 11 (Place of birth).—The State, Province, or District of birth should be
 shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of docu-
 ment with abbreviation "QIV," "NIV," "PV," or "RP," as appropriate, to designate
 whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or
 Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Sec-
 tion 4 (a).

Column 13.—This question has reference to the place and date of issue of the docu-
 ment described in column 12, and is self-explanatory.

Column 14 (Particulars of holding, etc.).—Steamship lines should make no entries
 in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one
 year shall constitute permanent residence. The last country in which alien resided
 with the intention of remaining one year or more shall be the last permanent residence
 regardless of length of actual residence therein. The entries in column 15 should show
 the country, city or town, state, province, or district of last permanent residence. It is
 important for statistical purposes that steamship companies accurately show country of
 last permanent residence independent of country of temporary residence, country of
 birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the
 United States and are returning from a visit abroad should be recorded "United States."

Column 16 (Name and complete address of nearest relative or friend in country
 whence alien came).—The entry should give name, exact relationship, and complete
 address of such relative. If no such relative living in country whence alien came, give name and address
 of nearest or friend living in country whence alien came, give name and address
 of nearest or friend in country of which citizen or subject. If such country is other than
 that whence alien came, address should include street and number.

Column 17 (Final destination).—The answer to this question shall show the
 intended future permanent residence. An intended residence of one year shall consti-
 tute permanent residence. The entry should show definitely the place (city or town) of
 intended future permanent residence, if within the United States; country, if outside
 the United States, and port of intended departure.

Column 18 (Whether having a ticket to such final destination).—The answer should
 be either Yes (ticket) or No (no ticket).

Column 19 (By whom was passage paid).—The entry should show definitely by
 whom passage was paid, as self, husband, father, brother, or other relative; friend;
 steamship company, etc.

Column 20 (Whether in possession of \$50, and if less, how much).—The answer
 should give in each case (individual or family) the exact amount of money shown.
 Money brought by the head of a family should not be divided among the several mem-
 bers of the family.

Column 21 (Whether ever before in the United States; and if so, when, where, and
 date of last departure).—The entries should show whether or not (Yes or No) in the
 United States before; and if so, the year (or period of years) and place, on 1924-1927,
 Philadelphia. Where in the United States more than once previously, indicate last res-
 idence only, and give exact or approximate date of last departure from the United
 States.

Column 22 (Whether going to join relative or friend).—The answer should show
 whether going to join either a relative or friend, with name and complete address; and
 if a relative, the exact relationship.

Column 23.—These questions are self-explanatory and the answers, like all
 others on the manifest, are subject to review by inspection officers in the examination of
 aliens. However, in answering question 23, if alien has been excluded and deported
 within one year and the Secretary of Labor has authorized him to reapply for admis-
 sion, the authority for such reapplication should be given.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and non-immigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry should be either M (male) or F (female).

Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or U (unmarried).

Column 6 (Occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, (bell) engineer, steamship engineer, locomotive engineer, rubber engineer, brass polisher, steel painter, iron molder, wood worker, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who, for hire, operates the farm for others.

Immigration officials should make the distinction on the manifest, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Last permanent residence).—This column is subdivided and contains the following questions: "Last permanent residence (or, if exemption is claimed, upon what ground?)" In answering this question the language or dialect the alien is able to read should be stated. If a fee is shown to meet and obtain exemption from the reading requirement, the ground for such exemption should be given.

Column 8 (Country of birth).—Column 8 should be construed to mean the country of which the alien is a citizen or subject.

Column 9 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which the alien is a citizen or subject, and between last permanent residence and country of birth, and manifests should be examined by inspectors and registry clerks in this regard.

For instance, "French" appearing under the head of country does not mean "French" by race or people, but, "French" by nationality. "French" appearing under the head of race or people does not mean "French" by nationality. An alien, Chinese, or Japanese alien by race might properly come under the heading of "Chinese," "Japanese," or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., comprising the provinces of Liguria, Piemonte, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., comprising the provinces of Liguria, Piemonte, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian (south)."

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "RV," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Registry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 or 5.

Column 13.—This question has reference to the place and date of issue of the document presented in column 12, and is as follows:

Column 14 (Particulars of last entry).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which an alien resided for a period of 1 year or more shall be the last permanent residence. The entry in column 15 should show the city or town, State, Province, or District of last permanent residence. It is intended for statistical purposes and should not constitute a permanent country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Column 16 (Last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad).—This question should be answered "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which alien is subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended final permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended final permanent residence, if within the United States; country, if outside the United States, and part of intended departure.

Column 19 (Whether alien is subject to such final destination).—The answer should be either Yes (definitely) or No (not subject).

Column 20 (By whom and how money paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Column 24 to 26.—These questions are self-explanatory and the answers like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such resumption should be given.

Notes.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

LIST OR MANIFEST OF ALIEN PASSENGERS FOR THE UNITED STATES

ALL ALIENS arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and all aliens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of the insular possessions of the United States, shall file this (light blue) sheet in the manifest of the vessel.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry should be either M (male) or F (female).

Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood trimmer, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which alien is a citizen or subject, and country of birth, and country of last permanent residence, and country of last permanent residence.

Manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Polish alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, America, or any other country, should be classified as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian (south)."

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Port of last residence, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided regardless of length of actual residence therein. The entries in column 16 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Column 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspectors and registry clerks in the examination of aliens. However, in answering question 26, if alien has been convicted and deported within one year and the Secretary of Labor has authorized him to apply for admission, the authority for such resumption should be given.

ALL PASSENGERS, including infants, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W. A. HANKS, MASTER, of the LANARKIA, from LIVERPOOL, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, SEVEN in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

W. A. Hanks

COMMANDING Officer.

Sworn to before me this 28th day of AUGUST 1932, 19

at NEW YORK.

W. A. Hanks

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-and status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following questions: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (Intended future permanent residence).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1904-1907, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

7 STATES IMMIGRATION OFFICER AT PORT OF ARRIVAL

I, J. C. T. AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, W. A. Hanks, of the SAINT, from LIVERPOOL, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, SEVEN in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

W. A. Hanks
COMMANDING Officer.

Sworn to before me this 30th day of AUGUST 1932, 19
at NEW YORK

W. A. Hanks
Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-and status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK)
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.
ITALIAN (NORTH)
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."
Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota, Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).
Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.
Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.
Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.
Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).
Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.
Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, on 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.
Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.
Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-as states*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Ables to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Names and complete address of nearest relative or friend to country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Passengers on a coast of guard's tender, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer.

The entries on this sheet must be typewritten or printed.

153

NOTE.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "FV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

COMMANDING Officer.

Sworn to before me this _____ day of _____, 19____, at _____.

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-as status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard.

For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1904-1907, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

UNITED STATES IMMIGRATION OFFICER AT PORT OF ARRIVAL

There is a card to be filled out by the alien, in which case the alien must fill out the card and the master of the vessel carrying such passengers must also fill out the card and the card must be filled out by the immigration officer.

The entries on this card must be typewritten or printed.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged at the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, or masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted
the copy of section 36 of the United States Immigration Law and of Par. 5 subdivision (b) Immigration Rule 6 which appears below.

Sworn to before me this _____ day of _____, 19____

Immigrant Inspector

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 699) shall not be retained on board, but shall be delivered by the master to the principal immigration offices at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed, and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Abul Hasland, Master, of the Steamer "Kumasi", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 30th day of August, 1932

A. Hasland
Master, First or Second Officer.

A. Balboni
Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have been deported or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 559) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workman" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor may by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or of the report of such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to the regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 26. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens on such vessel, such as the names, status, date of birth, date of arrival, date of departure, date of expiration of visa, and whether shipped or engaged, and specifying those to be paid off and discharged, and those to be retained on board, and such information as the Secretary of Labor may by regulation prescribe; and after the arrival of any such vessel it shall be the duty of the owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien contained upon the correct lists are not delivered or a true report is not made as above required, and no such vessel shall be granted clearance pending the determination of the question of the liability for the payment of such fine, and in the event such fine is imposed, while it remains unpaid, nor shall such fine be remitted or refunded; *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the list required by Section 30 have been furnished, and not then unless, notice of liability to the administrative list prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

SEC. 19. No alien commoner excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to any regulations as the Secretary of Labor may prescribe for the legitimate capture, removal, or deportation of such alien from the United States.

from the United States, *passenger, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof* shall be liable to the collector of customs of the port of arrival for the sum of \$1,000 for each alien seaman on board such vessel who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or when the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien named A did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the Immigration Officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall be prepared on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the list required by Section 36 have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

SEC. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to regulations as the Secretary of Labor may prescribe for the immediate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge of the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival a list containing the names of all aliens employed on such vessel, stating the positions they respectively held in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid, nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the time required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the prompt departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the GRIPSHOLT, from Gothenburg, do solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 11 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Immigration Officer

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and country of birth, and which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "IV," or "RIP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

STATES IMMIGRATION OFFICER AT PORT OF ARRIVAL

States, or a port of another insular possession, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer

AFFIDAVIT OF SURGEON

I, MAURITZ LINDBLAD, Surgeon of the GRIPSHOLM, employed by owners thereof, do solemnly, sincerely, and truly Swear that I have had THREE years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The Swedish Board of Health, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 11 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the GRIPSHOLM, from Gothenburg, do solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 12 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, manifests should be carefully revised by inspectors and registry clerks in this regard.

For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend.

If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reappliance should be given.

STATES IMMIGRATION OFFICER AT PORT OF ARRIVAL

States, or a port of another insular possession, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the GRIPSHOLM, from Gothenburg, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 13 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such resumption should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the GRIPSHOLM, from Gothenburg, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 15 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only; and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 38.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such respiciation should be given.

States, or a port of another insular possession, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verification of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK)
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.
ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."
Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).
Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.
Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came. Address should include street and number.
Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.
Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).
Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.
Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.
Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.
Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), WD (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "RP" as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under head of race or people does not mean "France" by country. ITALIAN (NORTH).

Columns 11 to 14.—These questions are self-explanatory.

The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

IMPORTANT NOTICE.—1. Great care should be taken not to place on this list the name of any passenger who was not born in the United States or who has not taken out final naturalization papers.
2. Where one or more members of a family are aliens, the names of all such members should be recorded upon the alien manifest. Suitable notation may be made upon such manifest opposite the names of those members who claim citizenship.
3. Failure to observe the terms of this notice may result in delay to passengers at the port of arrival.
4. List on this form only United States citizens or citizens of an insular possession of the United States.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the GRIPSHOLM, from Gothenburg, do solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 10 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question, the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French." For instance, "French" appearing under the head of race or people by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.
Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, MAURITZ LINDALD, Surgeon of the GRIPSHOLM, employed by owners thereof, do solemnly, sincerely, and truly Swear that I have had THREE years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The Swedish Board of Health, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 10 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the GRIPSHOLM, from Gothenburg, do solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 11 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).
Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.
Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

STATES IMMIGRATION OFFICER AT PORT OF ARRIVAL

States, or a port of another insular possession, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer
SECOND-CABIN PASSENGERS ONLY

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-as status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), WD (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if lots, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

STATES IMMIGRATION OFFICER AT PORT OF ARRIVAL

States, or a port of another insular possession, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-as status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, Master, of the SHIP, from Gothenburg, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 14 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 3 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4 (*Sex*).—The entry should be either M (male) or F (female).
Column 5 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 6 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 7 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 8 (*Nationality*).—Question 8 should be construed to mean the country of which alien is a citizen or subject.
Column 9 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Recentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the GRIPSHOLM, from Gothenburg, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 16 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this AUG 30 1932 day of 19,

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel engineer, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French." For instance, "France" appearing under the head of race or people by race or people, and similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "FV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad address of nearest relative or friend in country whence alien came.

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the GRIPSHOLM, from Antwerp, do solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Svend Lundmark

Master, Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Italian alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show a letter going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

STATES IMMIGRATION OFFICER AT PORT OF ARRIVAL

States, or a port of another insular possession, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite descriptions.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard.

For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "IIV," as appropriate, to designate whether it is quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. When in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "Breton" appearing under the head of race or people does not mean "Breton" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "RV" as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Temporary Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Exemptions of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom were passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Harry F. Hobborn, Master of the American Steamship "Caracas", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

H. F. Hobborn
Master, American Steamship "Caracas"

Sworn to before me this thirtieth day of August, 1932.

John P. Hobborn
Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the payment thereof approved by the collector of customs of such district, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien in respect of whom such failure occurs. - IMPORTANT NOTICE.**—1. Great care should be taken *not* to place on this list the name of any passenger who was not born in the United States or who has not taken out final naturalization papers.
2. Where one or more members of a family are aliens, the names of *all* such members should be recorded upon the *alien* manifest. Suitable notation may be made upon such manifest opposite the names of those members who claim citizenship.
3. Failure to observe the terms of this notice may result in delay to passengers at the port of arrival.
4. List on this form only United States citizens or citizens of an insular possession of the United States.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Harry F. Hichborn, Master, of the American SS "Caracas", from La Guaira & Pto Cabello, Venezuela, & San Juan, P. R., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

H. F. Hichborn

Master Officer.

Sworn to before me this thirtieth day of August, 19 32,
at New York, N. Y.

Wm. J. H. H. H.
Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class, and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-as status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Recentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

STATES IMMIGRATION OFFICER AT PORT OF ARRIVAL

States, or a port of another insular possession, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer
SECOND-CABIN PASSENGERS ONLY

The entries on this sheet must be typewritten or printed.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

Maracaibo, La Guaira, Venezuela.,

I, Harry F. Hichborn, Master, of the American SS "Caracas", from San Juan, P. R., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master Officer.

Sworn to before me this thirtieth day of August, 1932,
at New York, N. Y.

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following questions: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NIV," "IV," or "RV," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Temporary Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (Intend destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port.
When an arriving seaman is a "workaway," a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 5. Clearance shall not be granted any vessel until the lists required by section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

2. Where one or more members of a family are aliens, the names of *all* such members should be recorded upon the *alien* manifest. Suitable notation may be made upon such manifest opposite the names of those members who claim citizenship.
3. Failure to observe the terms of this notice may result in delay to passengers at the port of arrival.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, William Wall, of the XXXX, from XXXX, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon (me) from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 30th day of Aug, 1932
at New York
W. F. Anderson
Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NIV," "IV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13 (This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory).

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 15 should show country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend.

If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and departed within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port.

When an arriving seaman is a "workaway," a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded; *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 5. Clearance shall not be granted any vessel until the lists required by section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally departed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de- parted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 36 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be reported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have departed and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 7

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, _____, of the _____, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this _____ day of _____, 19____.

Master, First or Second Officer.

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while such question is pending, nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A.C. PAULSEN, MASTER, of the S.S. "SANTA CECILIA", from CRISTOBAL, CANAL ZONE, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTER Officer.

Sworn to before me this 29TH day of AUGUST, 1932.

William C. Cook
Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tas status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel turner, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Ables to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of birth, and which citizen or subject, country of last permanent residence, and country of birth, manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend.

If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, A.C. PAULSEN, MASTER, of the S.S. "SANTA CECILIA", from VARIOUS PORTS AS LISTED, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

A.C. Paulsen

MASTER Officer.

Sworn to before me this 29TH day of AUGUST, 1932.
at NEW YORK, N.Y.

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "IV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom fare passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1934-1937, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, V. Voldborg, Master, of the S/S "United States", from Copenhagen, do solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-eight in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

V. Voldborg
Master

Sworn to before me this 29th day of August, 19 32.

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reappplication should be given.

U. S. GOVERNMENT PRINTING OFFICE: 1921

ALL ALIENS arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and all aliens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of the insular possessions of the United States, shall be listed on this (white) sheet.

AFFIDAVIT OF SURGEON

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, V. INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided regardless of length of actual residence therein. The entries in column 15 should show with the intention of remaining one year or more shall be the last permanent residence.

It is the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1904-1907, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-as status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel turner, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend of relative or friend living in country whence alien came, give name and address of that whence alien came. Address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown, money brought by the head of a family should not be divided among the several members of the family.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 38.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, V. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
*A farmer is one who operates a farm, either for himself or for others.
*A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with a mixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

States, or a port of another insular possession, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer.

Master, First or Second Officer.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$ 10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$ 1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave the vessel at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

I, C. de Krom Master of the MS VEENDAM, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 29th day of August, 1932.

Master, Second Officer

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$ 10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$ 1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER.

I, J. de Rome master of the VEENDAM, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 29th day of August, 1922.

Master, ~~First or Second Officer~~

Immigrant Inspector, I

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master to so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$ 10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$ 1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$ 10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924
"ALIEN SEAMEN"

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$ 1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, C. de Korver, Master, of the S.S. INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "IV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom seas passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Ables to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people by race or people, and, similarly, "French" appearing under the head of race or people, does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NqIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).
Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. The entry should show definitely the place (city or town) of future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).
Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown, money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and whether going to join either a relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard.

For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of birth, and which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people might mean "French" by race or people, and, similarly, "French" appearing under the head of race or people might mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).
Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.
Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.
Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.
Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 36, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, C. de Korver, master, of the S.S. "Veendam", from Rotterdam, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 20 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-*tax* status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of birth, and which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard.
For instance, "France" appearing under the head of country does not mean "French." For instance, "France" appearing under the head of race or people by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of English, Swissland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK)
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.
ITALIAN (NORTH)
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."
Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NIV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).
Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.
Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.
Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute future permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.
Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).
Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.
Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (Individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.
Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.
Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

ALL ALIENS arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and all aliens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of the insular possessions of the United States. INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel turner, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of birth, and which citizen or subject, country of last permanent residence, and country of birth, manifests should be carefully revised by inspectors and registry clerks in this regard.
For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN
"Spanish American" refers to the people of Central and South America of Spanish descent.

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 35.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, C. de Korver, master, of the S.S. Sworn to before me this 29th day of August, 1932.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-of status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 3 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4 (*Sex*).—The entry should be either M (male) or F (female).
Column 5 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 6 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 7 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 8 (*Nationality*).—Question 8 should be construed to mean the country of which alien is a citizen or subject.
Column 9 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and which citizen or subject, country of last permanent residence, and country of birth, manifests should be carefully revised by inspectors and registry clerks in this regard.
For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NOIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 29, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

States, or a port of another insular possession, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of birth, and which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "RP" as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States." Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, C. de Kover, Master, of the S.S. "VEENDAM", from Rotterdam, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 2 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTER. 1000000

Sworn to before me this 29th day of August, 19 32.
at NEW YORK N.Y.

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-as status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 3 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4 (*Sex*).—The entry should be either M (male) or F (female).
Column 5 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 6 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 7 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 8 (*Nationality*).—Question 8 should be construed to mean the country of which alien is a citizen or subject.
Column 9 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entry should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year, and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, C. de Korver Master, of the S.S. "VEENDAM", from Rotterdam, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 5 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master Officer.

Sworn to before me this 29th day of August, 19 32

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-and status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to that portion of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Intended destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 36, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "IV," or "RIV," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 21 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 3 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry should be either M (male) or F (female).

Column 5 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 8 (*Nationality*).—Question 8 should be construed to mean the country of which alien is a citizen or subject.

Column 9 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "RV," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded, "United States."

Column 16 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 17 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 18 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 19 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 20 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 21 (*Whether ever before in the United States, and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 22 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 23 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel engineer, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of birth, and which citizen or subject, country of last permanent residence, and country of birth, manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Galtic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NQIV," "IV," or "KIV," as appropriate, to designate whether it is quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (Verifications of landing, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of length of return residence therein. The entries in column 15 should show regardless of length of return residence therein. It is the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States; and port of intended departure.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1884-1887, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 35.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, C. de Korver Master, of the S.S. Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "IV," or "RV," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Recentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged; and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall be liable by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. (c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to
detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-

any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this _____ day of _____, 19____

Master, First or Second Officer.

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 33 having been served, the deposit specified in Rule 22 has been made.

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

- IMPORTANT NOTICE.—1. Great care should be taken *not* to place on this list the name of any passenger who was not born in the United States or who has not taken out final naturalization papers.
2. Where one or more members of a family are aliens, the names of *all* such members should be recorded upon the *alien* manifest. Suitable notation may be made upon such manifest opposite the names of those members who claim citizenship.
3. Failure to observe the terms of this notice may result in delay to passengers at the port of arrival.
4. List on this form only United States citizens or citizens of an insular possession of the United States.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, George V. Richardson Master of the American S.S. Virginia, from Havana, Cuba, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, five in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

George V. Richardson
Master ~~Officer~~.

Sworn to before me this 29th day of August, 1927,

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of birth, and which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French." If race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States." Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, George V. Richardson, Master of the American S.S. Virginia, from Balboa, C.Z., do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, four in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

George V. Richardson
Master Officer

Sworn to before me this 29th day of August, 1937,
at New York.

Immigration Officer

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom sea passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 36, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

States, or a port of another insular possession, in whatsoever class they travel, MUST be fully listed and the master or commanding officer of each vessel carrying such passengers must upon arrival deliver lists thereof to the immigration officer

AFFIDAVIT OF SURGEON

I, Rufus W. Hooker, Surgeon of the American S.S. Virginia, sailing therewith, do solemnly, sincerely, and truly swear that I have had twenty years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of University of Tennessee State of Tennessee, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, thirty in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been departed within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 36 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, _____, of the _____, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this _____ day of _____, 19____.

Master, First or Second Officer.

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the Transoceanic, from Amsterdam, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master Officer.

Sworn to before me this AUG 29 1932 day of _____, 19

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

The entries on this sheet must be typewritten or printed.

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*State to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

The entries on this sheet must be typewritten or printed.

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration offices at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

Immigrant Inspector.

L. A. Bowen
Master, ~~DEPARTMENT OF COMMERCE~~

IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Leek A. Bowen, Master, of the U. S. MINORITANS, from New York, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

L. A. Bowen

Officer.

Sworn to before me this 18th day of August, 19 35
at New York

Immigration Officer.

INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the owner who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and which citizen or subject, country of last permanent residence, and country of birth, manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French." An Irish, German, or Hebrew alien, by race or people, does not mean "French" by country. An Irish, German, or Hebrew alien, by race or people, properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK)
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.
ITALIAN (NORTH)
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."
Column 11 (Place of birth).—The State, Province, or District of birth should be shown in addition to the city or town.
Column 12 (Serial number of document presented).—Prefix serial number of document with abbreviation "QIV," "NIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reciprocity Permit; and also state section of the Immigration Act of 1924 involved, as Section 1 (a).
Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.
Column 14 (Verifications of history, etc.).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject. If such country is other than that whence alien came, address should include street and number.
Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States; and port of intended departure.
Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (checked) or No (not checked).
Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.
Column 21 (Whether in possession of \$10 and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 22 (Whether ever before in the United States; and if so, when, where, and date of last departure).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.
Column 23 (Whether going to join relative or friend).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.
Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

The entries on this sheet must be typewritten or printed.
